## LEARN TO READ, LOVE TO READ.

From large, urban districts to rural communities and suburban towns in between, *iLit* is getting amazing results. Kids are reading more, loving to read, and gaining two or more years of reading growth in a single year.

*iLit* is a comprehensive suite of literacy solutions for intervention, supplemental instruction, and English language development.

## DEVELOP LANGUAGE AND LITERACY.

### ENGLISH LANGUAGE DEVELOPMENT

Develop language through reading, writing, speaking, and listening for all English learners—newcomers to long-term ELs. With 180 lessons for English learners, 65 newcomer specific lessons, and more than 300+ printed texts, *iLit* meets English learners where they are and builds language and literacy from there.

## INSPIRE SELF-MOTIVATED LEARNING.

### ELA INTERVENTION

Digital interactivity, collaboration, high-interest texts, and built-in rewards motivate students to own and track their progress. Each week students read increasingly complex texts as skills, confidence, and their comprehension grow.

## TAKE IT TO THE NEXT LEVEL.

### SUPPLEMENTAL LITERACY

Thousands of high-interest texts encourage self-guided, independent reading. Practice with complex text creates independent readers.
